13 April 1958

Chief, Records Management Staff

Weekly Report - Week Ending 16 April 1958

1. Contributions

a. Tangible

- (1) The Records Center received 253 cu. ft. of inactive records from 11 offices. This indicates good general activity in the records disposition program. Forty-one cubic feet of inactive records were destroyed by the Records Center.
- (2) One hundred and twenty brochures, "So You Have A Space Problem", were distributed to four Area Records Officers. They will use these brochures to promote activity in the Records Management field in their respective areas.
- (3) Completed the installation of a Subject-Numeric Filing System in the Central Processing Branch. This will provide an efficient method of filing and finding material and a system for terminating inactive records. Already 2 cu. ft. of inactive records have been eliminated in conjunction with the installation.
- (4) Completed the installation of a Subject-Numeric Filing System in the Geographic Area of OGB. The benefits will be quicker reference service and elimination of inactive records. Six cubic feet of inactive records are being retired ^{now} as the result of the installation.
- (5) Additional records disposition activity is taking place in [redacted] and the Office of Personnel, as indicated by the return of 13 more safes to stock.
- (6) Records Control Schedules have been prepared for the JOT Program and the Clerical Training Faculty of OGB.
- (7) Eleven new and revised forms were completed.

4. News

25X1A9a

- a. Discussed with Col. [REDACTED] the advisability of bringing back to the Agency certain records of GDS, SSI and CIO which were transferred to the National Archives by these organizations prior to 1951. This proposal will eliminate difficulties experienced by the National Archives and as in determining whether these records can be made available to the persons who want to see them.
